

Fun Fact Sheet

Origin of the Name

The Locos name originated from two peoples' names: Logan, a friend of Hughes Lowrance's father, and Collie, Lowrance's father. "LO"gan - "CO"llie partnered to create "Locos."

The Moose

One unique item found in each Locos Grill & Pub restaurant is a stuffed moose head, a tradition that began at the UGA campus location. Lowrance used to have a moose head in his apartment at school. Due to its popularity, he decided to hang it in the restaurant. Today the moose head is a fixture in all Locos locations.

Our World Famous Wings

Locos Grill & Pub goes through nearly 1.5 million pounds of chicken wings each year and all the wings are served with Locos proprietary sauce.
